Parts Master Full Synthetic Motor Oil

Parts Master Full Synthetic Motor Oil meets the demanding performance requirements for BMW, Corvette, Lexus, Mercedes-Benz, Porsche, Volkswagen, Volvo and other high-performance vehicles. Parts Master Full Synthetic Motor Oil is an advanced, fully synthetic motor oil formulated for extreme protection and superior performance. It helps extend engine life by reducing wear and oil breakdown.

Compared to conventional oils, Parts Master Full Synthetic Motor Oil:

- Provides excellent engine cleanliness through superior sludge and varnish protection.
- Helps reduce engine wear at high temperatures with improved viscosity stability.
- Provides outstanding high-temperature protection under severe driving conditions.
- Provides superior cold-temperature protection through faster oil flow at start-up.
- Helps improve and maintain fuel efficiency for the life of the oil (applies to 5W30 and 10W30 grades).
- Parts Master Full Synthetic Motor Oil is fully compatible with all conventional and leading synthetic motor oils.
